

• KIDS HOLIDAY GROUPS THIS EASTER •

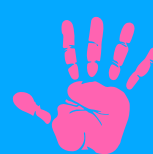

What's happening in your area?

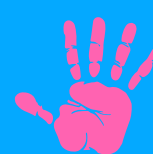

Find groups running in NSW, ACT, VIC, SA & QLD this Easter holidays. Some groups are suitable for primary kids or teenagers with a range of learning support needs including autism and those without a diagnosis. Groups support a range of skills including gross motor development, managing emotions, problem solving, group work, mindfulness and resilience.

Elleena

Some Q's to ask when looking for a group for your child

- What skills/level of independence does my child need to participate?
- What is the maximum number of kids as well as staff to child ratio?
- Tell me more about the specific goals that will be targeted in your program?
